RAILWAYADVENTURES.COM

The re-unification Express rounds one of the many scenic bends on the spectacular Hai Van Pass in central Vietnam. One of the many magical views to be had from a train window on any number of our Asian Adventures by rail in 2025.

THE RAILWAY ADVENTURES STORY

Railway Adventures was launched in 2012 by well-known Australian TV personality and self-confessed rail fan, Scott McGregor. A lifelong passion for travel has taken Scott to scores of countries and his preference for rail has seen him exploring many of the world's great train journeys, confirming his belief that the most relaxing, romantic and engaging way to see a country is by rail. He even has his own life-sized, fully restored opulent train accommodation atop the Great Dividing Range near Mudgee, offering guests a rare and special bush retreat experience.

Since 2012 Railway Adventures has thrilled and delighted thousands of travellers on over 200 tours from Sweden to Sri Lanka, Tasmania to Transylvania, Britain to Burma, Venice to Vietnam and all manner of shorter adventures in our own wonderful country. Scott's numerous rail-themed TV documentaries, his ongoing involvement in rail heritage and his extensive connections with private train owners around the world, guarantee that every Railway Adventures tour is exclusive, entertaining and authentic.

WHY TRAVEL WITH US

The joy of travel is not confined to the destination. How you travel is a large and rich part of the experience. Railway Adventures offers a truly unique perspective on some of the world's most spectacular destinations, with the confidence that the journey will be just as magical and memorable as what is discovered at the end of the line.

ITINERARIES

Our itineraries aren't just travel plans - they're an adventure. Behind each itinerary is a team of experts with great cultural awareness and a deep knowledge of each destination so you can experience the very best of what each place has to offer.

AUTHENTIC LOCAL EXPERIENCES

Get off the beaten track and experience life from another perspective. Whether it's a little-known steam railway or an authentic restaurant, our itineraries provide opportunities to connect with locals and experience hidden gems.

FULLY ESCORTED

Our fully escorted tours mean that every detail is taken care of by our team of experienced tour leaders and local guides. Travelling from A to B has never been easier (or more entertaining).

EXPERT LOCAL GUIDES AND OPERATORS

We employ local guides who share their passion and knowledge of the places they call home, while our partners offer us on-the-ground support and backup all the way.

GROUP SIZE

Our group size is very much determined by the type of tour and the destination. Our privately chartered rail cruises in New South Wales and special event trains (e.g. Elvis and ABBA festivals) are well suited to larger groups while other tours work better with smaller groups - for example, some, like our private exploration of Tasmania, only offer 10 seats. Internationally, our group size is usually somewhere between 15 and 25 passengers, but never more than 25

CUSTOMER SATISFACTION

We measure our success by your enjoyment. Our friendly team is dedicated to making your adventure as special and enriching as possible. We've had thousands of happy travellers and over 66% of them return more than once.

WELCOME ABOARD!

ON THE RAILS

Variety is the spice of life and that's what you'll get in spades from Railway Adventures. Character filled, zig-zagging railways of Sri Lanka, opulent hotels on wheels in India, steam heritage trains in some of the most staggeringly beautiful parts of the world, dinky little carriages in outback Queensland, bullet trains in Japan – if it travels on a rail track, we're there!

OFF THE RAILS

It's not all about trains – its boats, planes, and the warm comfortable beds at night, the culinary delights, the immersion in a new culture, and the people we meet that makes travelling so enjoyable. We strive to create the most intriguing and memorable itineraries – we hand pick hotels, restaurants, local guides and cultural experiences to make sure you have the best possible rail journey in a safe, comfortable and pleasurable way.

WHAT IS A PREMIUM RAILWAY ADVENTURE?

Our premium tours are for those who appreciate a few of the finer things on the rails and don't want to make too many decisions while on holiday - mostly 5-star hotels, private trains or private carriages on trains, separate luggage transport where possible, portage, business class train seats where possible, most meals included, drinks included on welcome and farewell dinners, and a few special and memorable treats along the way. Our premium tours are not just about ticking the tourist boxes!

WHAT IS A CLASSIC RAILWAY ADVENTURE?

Our Classic tours are for those who still want to have a unique adventure but are happy to stay in quality 4-star hotels, manage their own luggage, and don't need 'all the bells and whistles' every day on the rails. You'll often travel as the locals travel with some special private train excursions in the itinerary, there'll be more days when you have the freedom to do your own thing for meals, and things like private dinners in princely villas aren't included. But you still get to do all the good stuff!

FITNESS RATING

In order to get the most from your travels and keep up with the group, a reasonable level of fitness is required. Each destination makes specific requirements, so you should check carefully with us if you are in doubt about your ability to fully participate. To help guide you, we have graded our tours with how many locos will be needed to keep pace.

ONE LOCO **REASONABLE FITNESS**

You will need to be able to walk for a couple of hours at a gentle pace, remain standing in museums and galleries, get on and off coaches, trains and boats unassisted. These tours often include luggage handling services, short-distance transfers, privately chartered trains and longer stays in hotels so you can more easily choose to take time out.

TWO LOCOS **GOOD FITNESS**

The most common grading for our tours. Two loco itineraries offer many activities that require a little extra fitness – walking on uneven ground, climbing hills to enter towns or historic sites, walks of 1-3 kilometres as well as getting on and off transport. You need to have good mobility and aerobic fitness and be able to manage your own luggage.

THREE LOCOS **EXCELLENT FITNESS**

These tours are fast-moving and have quite full days that often include a lot of walking. There's also a lot of getting luggage on and off trains. You'll need to have excellent mobility and good muscle strength to be able to enjoyably travel and get the best out of the experience.

Travel Australia

A scenic view of a train crossing a high bridge over a lush forest with a waterfall. The train is red and blue, and the bridge is supported by white pillars. The background is a dense green forest with a large waterfall cascading down a rocky cliff.

“A great tour for rail enthusiasts and non-rail enthusiasts. This tour not only provides knowledge of railroad heritage, but scenic aspects of the towns and countryside”

This tour offers a grand loop of New Zealand's North Island heading from Auckland to Rotarua, Taupo and onto the Art Deco city of Napier. A very special inclusion is a 4-day steam extravaganza heading out to Wanganui and then up the North Main line in a spectacle rarely seen.
